#### Mohave Community College board chooses new District 1 representative

MOHAVE COUNTY – The Mohave Community College Board of Governors swore in Candida Hunter to represent District 1, which encompasses parts of Kingman, Hackberry, Peach Springs, Littlefield, Wikieup, Truxton, Moccasin and North Canyon.

Candida Hunter, right, is being sworn into the Mohave Community College Governing Board by MCC Board President Dr. Julie Bare, left, during the board meeting Friday at the Bullhead City campus.

Hunter was appointed to the vacant seat left by former MCC board member Vance Miller after he retired from the position. She decided to become an MCC board member because she values giving back to the community.

"I wanted to become a board member because I believe in the mission of MCC and believe I can contribute my skills and experiences to serve rural and underrepresented communities," Hunter said. "I grew up on the Hualapai reservation where I was taught to go away to school, come back and

serve others. I believe in giving back to communities and learning from others is important."

Along with the excitement of becoming a new board member, she's also looking forward to learn more from the current board members and share her experience from working with tribal communities, which may bring a new perspective.

Hunter is Hualapai and Mexican and serves as a senior director of Tribal Affairs for First Things First (FTF). FTF is a statewide organization that finances early education and health programs to prepare children to succeed in school.

As director, she is responsible for ensuring the facilitation of effective government-to-government relations between FTF, a state agency, and Arizona's Tribes by building and strengthening organizational relations with tribal partners, fostering tribal relations through collaborative partnerships and facilitating the provision of culturally responsive early childhood services in tribal communities.

Prior to joining FTF, Hunter served as a Hualapai Tribal Council member and a volunteer on the FTF Hualapai Tribe Regional Partnership Council and several other community groups. She was also named as a 2018 winner of the Native American 40 Under 40 award by the National Center for American Indian Enterprise Development and is a Global Leader for Young Children at the World Forum Foundation.

Hunter is a fellow of the Flinn-Brown Civic Leadership Academy focused on expanding the cadre of Arizonans in state-level civic leadership positions with the

knowledge, skills and commitment to address the state's critical long-term issues. She is also a fellow of the BUILD Equity Leaders Action Network, which works to promote equity in early childhood systems. Hunter is the FTF representative on the Arizona Advisory Board of Indian Health Care which advocates for increasing access to high quality health care programs for all American Indians in Arizona.

Hunter also serves as the Vice Chair of the Grand Canyon Resort Corporation Board of Directors which is focused on creating economic development opportunities for the Hualapai Tribe.

She previously served on the Northern Arizona University's Southwest Health Equity Research Collaborative Advisory Board to address health disparities in northern and southwest Arizona and served on the Center for Excellence Infant Early Childhood Mental Health Consultation Tribal Workgroup Committee to support the implementation of mental health consultants working with early childhood professionals in tribal communities.

Hunter previously served as the Hualapai Education Coordinator where she was responsible for administering high education scholarships, helping students apply for college and vocational schools, and conducting high school outreach to encourage them to continue their education.

Hunter is a mother and caregiver of four children, ages 5-15. In her free time, she enjoys spending time with her family, traveling and volunteering. She would describe herself as a mother and aunt, a human services professional, and a former policymaker who strongly believes the success of future generations begins in the early years of life.

## **2 Arizona Tribes to Receive \$1.6M in latest round of US tribal housing grants**

### **2 Arizona tribes to receive \$1.6M in latest round of US tribal housing grants**

PHOENIX — Two tribes in northern Arizona will receive \$1.6 million in federal grants as part of COVID-19 relief efforts, the U.S. Department of Housing and Urban Development announced Tuesday. The Hualapai Tribe will get just over \$1 million to buy five trailers to help alleviate a housing shortage, the department said, while the Yavapai-Apache Nation will use a \$600,000 grant to renovate 13 community buildings where services are provided to members.

The grants are part of \$83 million awarded to 74 tribes across the country in the third round of "imminent threat funding" from the department. Funding for the grants comes from the American Rescue Plan Act, with the total amount awarded so far being \$209 million among 191 tribes. "It is imperative that we continue providing tribal communities with resources needed to protect the health and safety of their communities," HUD Deputy Secretary Adrienne Todman said in a press release.

"With the funding HUD is awarding (Tuesday), we remain diligent in continuing our mission to ensure that every person has the security of a healthy home and community." The department said at least one more round of funding is coming with the remaining \$71 million allotted for the Indian Community Development Block Grant program under the American Rescue Plan Act and that budget proposals have included increased funding.

It was decided the money awarded would be given out in rounds to allow more time for tribes to apply for grants, a change the department made after releasing all the money in one batch under the federal Coronavirus Aid, Relief and Economic Security Act.

The maximum amount that could be awarded was also raised by 15% with increased available funding and higher construction costs, the department said. Tribes that receive funding must report back to the department on how the money is being spent.

**Hualapai Tribal Vaccination Incentive Program • Ends: Monday, February 28<sup>th</sup>***Submitted by: Joyce Powskey | Hualapai Finance Department***HUALAPAI TRIBAL VACCINATION INCENTIVE PROGRAM**

As Covid-19 continues to threaten the health and safety of our community, and all Native Communities in general, our greatest defense against the virus continues to be vaccination. Therefore, the Hualapai Tribe is implementing The Hualapai Tribal Vaccination Incentive Program to encourage tribal members to get fully vaccinated. This program will provide a stipend to all tribal members fully vaccinated as allowed by the American Rescue Plan Act.

**Qualifications**

1. Must be enrolled with the Hualapai Tribe. All members living on and off the reservation.
2. Must fall within two age ranges.  
Minors: Age 5 to 17. Stipend: \$250 (one time payout)  
Adults: Age 18 & older. Stipend: \$500 (one time payout)
3. Must be fully vaccinated by February 28, 2022 (as defined below):  
Received two (2) Moderna doses.  
Received two (2) Pfizer-BioNTech doses.  
Received one (1) Johnson & Johnson/Janssen dose.
4. Must provide proof. A copy of vaccination card, state immunization record, or other medical facility record.
5. Eligibility is retro-active. All members already fully vaccinated will qualify.

**How to Apply**

1. Applications are available online at [Hualapai-nsn.gov](http://Hualapai-nsn.gov). Please complete the fillable PDF, print, and sign (application will not be processed without original signature). This application, along with a copy of your vaccination card (or other acceptable medical document listed above) may be emailed to either contact below.
2. For in-person submittal, applications will be available at the tribal office. Complete the application and attach copy of your vaccination card (or other acceptable medical document listed above) and submit to Finance.
3. If mailing, send completed application along with a copy of vaccination card (or other acceptable medical document listed above) to:

Hualapai Tribe  
Attn: Vaccination Incentive Program  
PO Box 179  
Peach Springs, AZ 86434-0179

**Important Dates:**

1. This program ends February 28, 2022. All completed applications and acceptable medical documents must be submitted by this date.
2. Stipend payouts will begin early January 2022.

**Contacts**

Please call Joyce Powskey or Rondi Quasula on any questions for this program at (928) 769-2216. You may also email them at [joyce.powskey@hualapai-nsn.gov](mailto:joyce.powskey@hualapai-nsn.gov) or [rondi.quasula@hualapai-nsn.gov](mailto:rondi.quasula@hualapai-nsn.gov).

## General Purpose

To assist members of the Hualapai Tribe.

## General Guidelines

The following guidelines do not recognize common law unions.

The amount of funds “budgeted” for each program listed in these guidelines is finite. Once funds are exhausted, applicants will have to wait until the following calendar year to re-apply. Unused funds are reverted to the Hualapai Tribe and do not carry over.

For all assistance items, the Hualapai Tribe will be the payer of last resort and the applicant must provide proof.

## Definitions

“Elderly” is defined as an individual of advanced age; age 62 and over.

“Immediate Family” is defined as parents, grandparents, siblings, spouse and children. An immediate family member also includes a person who was legally adopted through a court of competent jurisdiction or a child placed by Social Services.

“Full – time Student” is a student who is considered a fulltime student based on the accredited institution in which they are attending.

“Vocational” is a school for learning a particular trade; cosmetology, welding, truck driving, carpentry, culinary, etc. The definition of a full time vocational student will depend on the school as some schools are completed in six months, some in six weeks.

“Emergency” is an unforeseeable event such as a fire, flood, earthquake, car accident, etc. Those who are routinely laid off during certain times of the year are not eligible for “emergency” assistance.

## Penalties

Individuals who commit one of the following violations will not be eligible for assistance programs described in these guidelines.

- Misrepresentation either intentionally or unintentionally.
- Failing to re – pay a loan.

Tribal members who commit one of the following violations will have their assistance delayed until the violations are corrected:

- Failure to submit original receipts,
- Failure to submit completed forms, requested documentation, etc.

Peach Springs IHS Representatives to provide an update of the current COVID-19 Stats:

As of 6/30/2021, a total of 34 confirmed cases

9 additional as of 6/30/2021

There were some patients that have gone throughout the 10-day isolation/quarantine time and are no longer being tracked.

6 persons live off the reservation, the rest live on the reservation.

PHN department is tracking all cases, Hualapai Tribal members are constantly checked on throughout the 10-day isolation/quarantine duration.

Lastly, Chairman Clarke opens the discussion in regards to what measures the Tribe should take to continue to combat COVID-19 in the community; the following was discussed at great lengths (3-4 hours):

- ✓ Suggestion to re-establish the Incident Command Team, full force; and utilize ARPA Funding for the team.
- ✓ There was a lengthy discussion in regards to COVID Leave for Tribal Employees, and the need to establish leave for those employees who contract COVID.
- ✓ IHS Representatives state that IHS will continue to assist the team and provide any assistance necessary.
- ✓ Suggestion made to have the Hualapai Health Board take the lead for the proposed team.
- ✓ The Hualapai Housing Department will assist by offering security services for the proposed team.
- ✓ Suggestion made to have HR send out a memo to the tribal departments instructing them to re-establish and enforce their COVID-19 precautions.
- ✓ There was a lengthy discussion in regards to limiting gatherings, and what should be the max capacity for gatherings.
- ✓ Suggestion was made to establish a Mask Mandate for the Hualapai Reservation.
- ✓ Suggestion was made to draft one resolution that will supersede previous resolutions that pertained to COVID-19, and that will implement measures to combat COVID.

**Motion: to recess, until 1 pm. Motion carried.**

**Reconvene at 1 pm**

**Motion: to adopt Resolution 44-2021; Communicable Disease Prevention Ordinance. Motion carried.**

**Motion: to adopt Ordinance #101-2021; Communicable Disease Prevention Ordinance. Motion carried.**

2. Earthquake Fault Line Information—Public Services & Mohave County  
Jeri Young Ben-Horin, Arizona Geologic Survey—University of Arizona, and Mike Browning, Mohave County Emergency Coordinator are here to provide Earthquake Awareness; with an emphasis on the Hurricane and Toroweap Fault Lines. Both fault lines will affect the entire Hualapai Reservation. The Hurricane Fault Line is considered the most dangerous fault line in Arizona, the fault line is approximately 600-miles long and is considered the fastest moving fault line in Arizona; traveling at almost 10 magnitude. The Hurricane Fault Lines runs near the ridge above Buck and Doe Road, which will affect the Box Canyon Subdivision and the Milkweed Springs Subdivision. The Totoweap Fault Line is located near the east-side of the Hualapai Reservation, specifically, near Youth Camp. The Totoweap Fault Line does not give as much danger to the reservation, but there is no real way of predicting an earthquake.

Mr. Wisely informs Tribal Council that the Hualapai Reservation was never included in the Mohave County's radar to monitor the fault lines. Mr. Wisely states he will be working with Mohave County to get the Hualapai Tribe at the table when discussing fault lines.

2 New Positive Persons were from a quarantine homes.  
 All new positive persons were not vaccinated.

Isolation/Quarantine Protocol—Currently the tribe does not have an active protocol when a person contracts COVID-19. The Health Board suggests to follow recommendations from CDC when a person contracts COVID. Positive persons are required to quarantine for a 10-day duration, and should have no contact with persons who do not have COVID. Persons who have come in close contact with someone who has been confirmed with COVID-19 are required to isolate, even from persons they live with. Hualapai Health Official and IHS Public Health Nurses have suggested to follow CDC's recommendation to not require a second positive test when a person contracts COVID-19 before returning out into the community/public.

Vaccines have been proven to be effective, however there is still a large number of community members who are not willing to receive the vaccine for various reasons.

Concerns were brought forth of the new strain of COVID-19, the Delta Variant. Rosemary reports there are cases that have been discovered in Mohave County.

Chairman Clarke states he has met with Indian Health Services, in regards to increase the heard immunity for the Peach Springs Community and the Phoenix Area Office, has offered assistance to the Tribe to continue to increase the heard immunity.

New positive cases are a result from the 4<sup>th</sup> of July weekend, due to having parties and gatherings.

Next update with Hualapai Response Team will be at the upcoming Regular Council Meeting, Saturday, July 10, 2021.

Suggestion was made to have Public Services put out digital information signs for the public when entering into the community.

Break at 10:10 am

2. RV Park Update—Bobby Havatone

Update—Bobby provides the following updates to Tribal Council:

- Currently there are four out of six RVs that are occupied.
- The showers/restrooms and laundry trailers are not being utilized at this time, as they still need to be connected to the nearby septic and water sites.
- The small building is awaiting drywall, plumbing, and electric to be completed.
- The first couple of months that the tenants were complaining about their neighbors and excessive noise.
- Each tenant has plumbing issues, due to the septic tanks being small and excessive use of the toilet. This will be an ongoing issue, as RV trailers are not designed to be used for an extended time.
- During the winter, a few of the RV units' pipes froze which caused families to be without water for a couple of hours.
- There have been several issue with the air conditioning units in the RVs.
- Doing monthly checks on the units. This has shown that some of the tenants do not keep their units and living areas clean. Addressed these issues with two tenants.

Tenant Selections:

Bobby has received 20 proposed tenant applications for the RV Park, with three applicants with the most need for a place to stay, and recommends these individuals.

**Motion: to put MP in the RV Trailers and the second CT. Motion carried.**

3. Hualapai Head Start—April Keller

Chairman Clarke reminds Ms. Keller to participate in monthly Regular Tribal Council Meeting; which are occasionally on Saturdays.

April reports the following to Tribal Council:

- ✓ Distributed the Head Start act and Head Start Performance Standard books for new Tribal Council members.
  - ✓ Distributed Head Start Yearbook, New Head Start Calendar, and Organizational Chart to Tribal Council for their information.
  - ✓ 51 students are enrolled
  - ✓ Disabilities: 11 out of 51 need services. Will continue those services during the summer. As Head Start has secured a contract for Special Education services to continue throughout the summer.
  - ✓ Staffing: Special Education Teacher position is vacant; hired a Family Partnership Coordinator/Family Advocate; Two lead teachers have received their AA in Early Childhood Education; 4 New Program Aides have two years to complete their CDA; 3 teaching staff are working to complete their CDA by December.
  - ✓ Head Start Events: Health Clinics for all children: vision, hearing health, cognitive, social, emotional, nutrition, and mental health exams have been done.

1. Update with Hualapai Response Team  
 Stats Breakdown—Duane Clarke  
 COVID Activity Week of July 11-19:  
 150 COVID Tests Conducted at IHS  
 17 New Positives COVID Cases  
 33 Recovered  
 22 Currently Positive Cases and currently being tracked  
 As of Monday, July 19, 8 of the positives persons were fully vaccinated.  
 As of Monday, July 19, 6 are hospitalized  
 3 Deceased  
 3 Homes on the reservation are being tracked  
  
 Tribal Council questions/concerns:
  - Concerns of Havasupai Tribal members taking priority to testing at the Peach Springs Clinic, and turning away Hualapai Tribal members.
  - Are any of the Hualapai Health Officials regularly monitoring patients that are admitted to KRMC? Public Health Nurses do track all cases, including those who are admitted to the hospital.
  - Who is monitoring individuals/homes who have contracted COVID and those who are in isolation/quarantine? Security Sector monitors positive patients/homes; this included Hualapai Housing Security and Hualapai Nation Police Department.
  - To reach the Tribe's goal of having 75% of the population vaccinated, there is less than 100 people who need to be vaccinated.  
 Health Board reported to Tribal Council they have met with IHS in regards to advocating for the Havasupai Tribe to make adjustments to their testing practices.  
  
 The Health Board has met with Sandra Irwin, HEW Director to draft a proposed new position for a Public Safety Coordinator, who will oversee the Hualapai Response Team's efforts to mitigate COVID-19 and other communicable diseases. This position will be grant funded. For the record, no formal decision was made.  
  
 COVID Leave—Brook states there is a need to obtain guidance from Tribal Council in regards to when a tribal employee contracts COVID-19 and whether or not to require a negative test before returning back into the work force. For the record, no formal decision was made.  
  
 Concerns were brought forth in regards to establishing a position that will monitor and advise patients in the hospital, specifically Hualapai Tribal Members who have contracted COVID-19, and other reasons for being admitted to the hospital.  
  
**Motion: to direct Brook Bender, and the IHS Case Workers: Victoria Sullivan and Claudia Shultz to come up with a job description for a social worker, under the ARPA budget; and to bring this matter back to Tribal Council on July 27<sup>th</sup>. Discussion: Suggestion to include Mark Lowry, EMS Director. Chairman Clarke suggests for a long term solution to propose this new position to the IHS Area Office, for their consideration and funding.**  
**Motion carried.**  
  
 Logistics—Ron Quasula Jr., Recreation Director  
 Delivered 66 food boxes to elderly homes  
 Disposed out-of-date food and supplies  
 Made donation deliveries to the community, specifically needy families  
 Continuing to deliver ICS 213 Orders to Tribal Departments—All tribal departments still need continue to utilize the ICS 213 Form  
 Made food/cleaning supplies delivery to the two quarantine homes  
 At this time, the recreation staff have not been opening the gym to the public for community funerals/traditional wakes. Furthermore, Ron suggest to have the community utilize the Veteran's Memorial Park for funerals/gatherings.  
  
 Security/Hualapai Police Department—Bruce Pankow  
 Last week, HNPd sent out general COVID information to the public and community  
 HNPd would like to start providing door-to-door hand delivered information to the community  
 Tribal Member Distribution—Security Sector will have additional police officers, Housing Security, and Animal Control officers for the busy weekend.  
 Security has been monitoring two households

Assisting logistics with community deliveries

CHR Program has begun assisting the team by providing prescription medication for the community; call the Hualapai Health, Education, and Wellness Department for more information.

Concerns were brought forth of the Checkpoint at Route 18, in regards to who do the security guards report to. Suggestion to have a written agreement between the Hualapai Tribe and the Havasupai Tribe.

**Motion: direct administration to address the issue at Route 18, with the Bureau of Indian Affairs, whether or not to have the checkpoint on Hualapai Reservation or Havasupai Reservation. Motion carried.**

2. Hualapai Planning Department—Richard Knott

Richard informs Tribal Council, this grant application was tabled from the last meeting.

**Motion: to un-table the BIA Tribal Tourism Grant Program Discussion. Motion carried.**

BIA Tourism Grant

The BIA Tribal Tourism Grant Program will provide funding for Tribes to conduct feasibility studies that will empower them to make sound decisions on potential tourism projects.

3. Outside Employment Discussion/Possible Consideration: 2021 Tribal Hunt Guides

For the record, Councilman Powskey has stepped down as he is the director of HDNR.

HDNR employees wish to seek permission for outside employment to guide for the 2021 Hunts.

Concerns were brought forth from Tribal Council, as the proposed employees have not submitted a written request to the council; and suggest to not take any action regarding this matter.

*For the record, no formal decision was made.*

4. Other: GCRC Board of Directors

A suggestion to Tribal Council to direct the GCRC Board to hold off on making a selection for the GCRC CEO Position.

Furthermore explains that there should be more than 3 individuals making that selection, and would also suggest to wait until Tribal Council appoints additional GCRC Board members.

**Motion: to postpone the selection of the GCRC CEO position, pending until Hualapai Tribal Council appoints more board members. Discussion: Council can make the decision of the board. Motion carried.**

On-site Signage Improvements: instilling new signage at GCW. Ticketing station at the new Chevron at Highway 93.

Powerhouse in Kingman Discussion: There was a lengthy discussion in regards to re-establishing a ticket office in the Kingman Powerhouse. Previous administrations felt the ticket office was not generating revenue, rather than brining in additional revenue, and closed this office.

#### COO Update—Jason Davis

Generator Rebuild: Jason reports to Tribal Council that there are issues with the generators at the main terminal. Generator 1 & 3 are both currently out, and are in desperate need of attention and repair.

Sink hole at the Lodge—The process has already started to repair the sink hole. Additionally, a soil sample will need to be conducted to ensure that the new pavement will withstand all the elements.

Extend River Runner Shop Fence Line—This is a project that was discussed with different GCRC administrations to extend the existing line to accommodate a trailer installation for team members. There is an extra trailer at Grand Canyon West that will be transported to the HRR site, which is already equipped with utilities. This is still going through the permitting process.

Since the pandemic has started, 414 positive cases for Hualapai

As of Monday, August 2, of those who were positive, 8 persons were fully vaccinated

2 persons are currently hospitalized

Vaccination Update—Tim Weahkee, IHS

Tim reports to Tribal Council, the FDA is looking into lowering the age limit to 7, this could happen within the next few weeks.

Concerns were brought forth of checking on those patients that are in the hospital, and suggest to establish a person/ liaison to provide medical advice. Chairman Clarke states that he has met/talked with Ty Reidhead, Phoenix Area Director and informed him of the need to have an established person/position to monitor hospitalized tribal members, and provide them with medical advice. Tim states that the Peach Springs PHN and Case Managers are keeping close contact with those who are hospitalized.

Testing outside the Peach Springs clinic—The Emergency Response Team request for those who are obtaining COVID-19 tests outside the Peach Springs Clinic, to follow up with the clinic, as the team is tracking, and to ensure numbers are accurate.

**New Positions Update:**

Emergency Response Liaison—the position description has been forwarded to Human Resources for advertisement. The budget and position will need to be forward to IHS Area office for final approval.

Care Coordinator: Brook presents Tribal Council with four options for the proposed salary for this position. Brook states that the job description will be forwarded to Human Resources for their review and recommend amendments.

***For the record, no formal decision was made regarding the new position descriptions.***

ERT is requesting funding for education and health promotion in the amount of \$4,400, to purchase flyers to post in the community.

Community Health Worker Grant—There is a potential grand funding opportunity that the tribe can apply for. This proposed grant will be in the amount of \$200,000 annually for personnel and supplies.

Emergency Response Team Supply Cache: No replenishment of the Connex. The past couple of weeks Logistics has distributed majority of the supplies. Food boxes are in stock, and have been distributed to quarantine/isolated homes.

Mr. Mark Lowry, EMS Director has talked to KRMC, and stated there is a case worker who does meet with patients although these patients have to be on AHCCCS, to provide patient guidance.

2. TERO—Bobby Havatone

Bobby informs Tribal Council that currently, there is one modular available, located at 636 Diamond Creek Road. Three individuals were recommended by the TERO Office to be considered.

Tribal Council questions/concerns:

## FAMILY CONFERENCES

Next Wednesday and Thursday, February 9<sup>th</sup> and 10<sup>th</sup>, we will be conducting our spring family/student/teacher conferences. Both days are scheduled for an early NOON release, with scheduled conferences beginning at 12:30.

Every effort is being made to schedule families with multiple students in consecutive time slots. The schedule is being sent home today with the students.

We hope to see all of you here for conferences next week!

## SPELLING BEE NEWS

Congratulations to Isabela Balderrama for taking first place in our Valentine Elementary School Spelling Bee! Our runner-up was Jacob Truesdell.

Isabela went on to represent our school at the Mohave County Spelling Bee on January 21<sup>st</sup>, where she finished in 11<sup>th</sup> place overall. We are very proud of her and all of our spellers!

## THE APP

As previously advertised, our Valentine Elementary School smartphone app has officially launched! So far, we have nearly 40 downloads. Feedback has been pretty positive.

We would love to see that number double during the next month, as teachers will begin using the app to post reading passages, sight word lists and other educational materials for families and students to access whenever and wherever they choose.

The app is available for both iPhone and Android users. Just go to either the App Store or the Google Play Store, Search for "Valentine Elementary," find the app with our school logo above and hit the Download button. Once it installs, you will have access to the app. Faster than accessing the website, you will be able to find the most up-to-date information regarding our school.

## HOW CAN I HELP MY STUDENT?

- Attend family/student/teacher conferences – This is a great opportunity to touch base with your student's teacher and also for your student to "explain themselves" about any concerns their teacher might have. Use the time to work on a collaborative plan to keep your student's learning at a high level.
- Download the Valentine Elementary School app – Our school smartphone app has been released and is available in the Google Play Store and the Apple Store. Teachers will be adding more content to the app as we move forward, so don't miss out!
- Begin discussing testing – Our state tests are in just a couple of months. Now is the time to start talking with your students about the importance of these assessments and how they need to make sure to do their personal best on all of them.

## INTRODUCING...

We want to officially welcome our two new staff members.

Ms. Zachary has started as our new instructional assistant in Mrs. Clouse's 1<sup>st</sup>/2<sup>nd</sup> grade classroom.

Mr. Haas will begin as our new instructional assistant in Ms. Crede's 7<sup>th</sup>/8<sup>th</sup> grade classroom on February 10<sup>th</sup>.

Both will be participating in school bus driver training, so we have additional backup drivers to avoid the situation from last week. Thank you to everyone who transported your students when we had only the one driver available.

# COVID-19

## Understanding Isolation and Quarantine

1. If you have any symptoms such as fever, body aches, chills, sore throat, loss of taste or smell, self-quarantine and make an appointment for a COVID-19 Test by calling 769-2900.

*Remember, if you are sick, you can get others sick.*

**Self-Quarantine:** Once you test, self-quarantine until you know the results of your test.

**If you test Positive:** You will be placed on isolation for Ten Days and monitored daily by a I H S Public Health Nurse either by telephone or direct home visits.

**Exposure to a Positive Person:** If you have been exposed to a Positive Person, Self-Quarantine for 7 days, get tested 3 to 5 days from the exposure date.

**Quarantine:** Means stay home when you have been exposed to see if you become sick.

**Isolation:** Means STAY HOME while you are sick. Everyone in the household must isolate-in-place and will be monitored by the Public Health Nurse.

Isolation-Quarantine **will NOT end** until you have been directed by the Public Health Team, if you violate the terms of isolation or quarantine you are subject to hefty fines that may include jail-time.

COVID-19 TESTING &amp; VACCINATION

# VACCINATED?

## TESTING STILL MATTERS!

Even with the growing rate of COVID-19 vaccinations in the US, testing is still an essential tool to help control the pandemic and ultimately end it.

### 5 REASONS TO TEST:

#### 1. Control spread

Testing will be needed as long as people can get COVID-19. We still need to identify those who have COVID-19, both so they can receive proper treatment and care, and so we can do effective contact tracing and quarantining to stop virus spread through a community.

#### 2. Prevent a resurgence

Many experts believe it's unlikely that COVID-19 will ever disappear completely. Even if it circulates at very low levels, we need to understand where it is, how it might be changing, and how these changes might lead to future public health problems.

#### 3. Track variants

The virus that causes COVID-19 will continue to mutate, and new genetic variants will emerge. Continued testing can help catch worrisome variants early.

#### 4. Adjust safety precautions

Testing can help public health officials gauge whether vaccinations are working to protect people from the worst effects of the disease and controlling the emergence of variants, and whether variants are getting more contagious or having more severe impact. If cases begin to rise, schools, offices, and other places where people gather may need to change their mask policies, enforce greater social distancing, or improve ventilation.

#### 5. Assist where vaccination rates are lower

Testing remains an important tool especially in communities and areas where vaccination rates are not yet high enough to effectively reduce virus spread.

## Care for yourself one small way each day

Take breaks to relax and unwind through yoga, music, gardening, or new hobbies

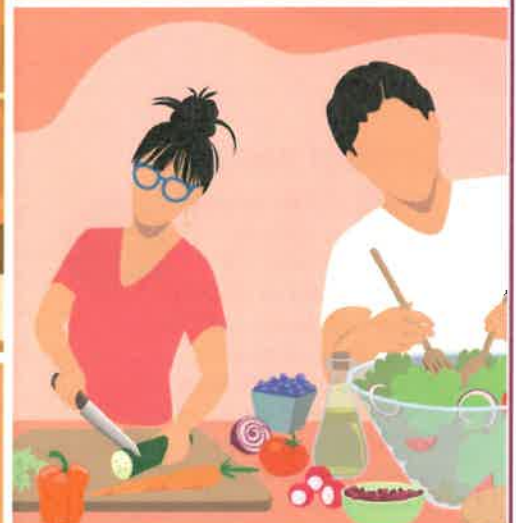

Find new ways to safely connect with family and friends, get support, and share feelings

Treat yourself to healthy foods and get enough sleep

Take care of your body and get moving to lessen fatigue, anxiety, or sadness

# School Safety and COVID-19

**Being in school is good for students – many learn better in person and are healthier with opportunities to play and socialize with other students. Using safety measures, schools can be a safe place for students and staff during COVID-19.**

**How can I tell if my school is using safety methods for COVID-19?**

- ✓ Is everyone at school wearing masks during the day?
- ✓ Are vaccinations and boosters encouraged or required for everyone at school?
- ✓ Are there ventilation systems or open windows in classrooms?
- ✓ Can everyone at school get a COVID-19 test if needed?
- ✓ Is everyone encouraged to clean their hands?

**These are all proven methods to prevent the spread of COVID-19.**

**Using various layers to prevent infection allows us to safely keep schools open and supporting our students! Visit [cdc.gov](https://www.cdc.gov) for more information.**

## In-School Transmission

## Community Transmission

**When an infected person is known to have gotten COVID-19 while at school**

Scientific evidence suggests that most COVID-19 cases at school are from the community and do not spread within schools when schools:

- ✓ Everyone wear masks
- ✓ Students keep physical distance
  - 3 - 6 feet
- ✓ Follow other CDC guidance

JOHNS HOPKINS  
CENTER FOR AMERICAN  
INDIAN HEALTH

**When an infected person is known to have gotten COVID-19 outside of school**

Someone can get infected in the community and go to school

- This is NOT in-school transmission
- Schools try and prevent this from happening through health screenings and testing
- If it does happen, safety protocols are in place to reduce the risk of others getting infected while at school

## **Hualapai Special Diabetes Program for Indians**

The goal of Hualapai Special Diabetes Program for Indians formally known as Employees Working for Health is to prevent and manage diabetes in our tribal community by providing diabetes, nutrition and physical activity education to community and tribal members. All Hualapai Special Diabetes Program for Indians Staff are Certified Lifestyle Coaches. Fitness Instructors are certified and a Nurse Case Manager is onsite.

What are the Benefits of Exercise for Diabetes? A little daily exercise can go a long way, especially for those with type 2 diabetes. "If you could do something that could lower your A1C, improve your stress level, improve your sleep, improve your health, and had no side effects, would you do it?" The answer, is usually yes. Exercise can actually bring blood glucose levels down, according to the American Diabetes Association. When you work out, your muscles need to use the available insulin to take in glucose for energy, thus lowering the levels in the bloodstream. Not only does this lower blood glucose levels temporarily, but sticking with a regular workout groove can lower your A1C over time.

What exactly is diabetes? Diabetes is a chronic (long-lasting) health condition that affects how your body turns food into energy. Most of the food you eat is broken down into sugar (also called glucose) and released into your bloodstream. When your blood sugar goes up, it signals your pancreas to release insulin. Adding exercise to your daily routine helps protect your heart, too, which is critical because diabetes increases your heart disease risk significantly. For example, regular exercise helps lower blood pressure, which makes it easier for the heart to pump oxygen-rich blood throughout the body.

For a well-rounded exercise program, including a mixture of cardio, strength training, and stretching call the fitness center at 928-769-2644 or 928-769-1630 Old Healthy Heart Building for Diabetes Education Information. Hualapai Special Diabetes Program for Indians awards points for every visit to the fitness center or walking on your own to earn an incentive. Exercise doesn't always mean you have to visit a fitness center, gym, treadmill and elliptical daily. It also means just keeping active and walking 30 minutes a day on your own time while earning incentive points. Focus on your fitness, you need to take care of yourself FIRST to properly take care of others.

In 1997 Congress passed Legislation to create the Hualapai Special Diabetes Program for Indians funding to treat and prevent diabetes in American Indians and Alaska Natives (AI/ANs). The Hualapai Tribe (Nation) receives funding annually to operate & manage the diabetes program for the past 22 years. We encourage you to participate in Diabetes awareness for yourself and family members. Call us for more Hualapai Special Diabetes Program for Indians information or Questions. ## Elders Tell Their Story • Hualapai Heritage: Childhood Memories

Submitted by: Alan Blackburn | Church of Jesus Christ of Latter-Day Saints

### HUALAPAI HERITAGE: CHILDHOOD MEMORIES BY CHARLIE VAUGHN

My great grandmother (Tim McGee) made a lot of rabbit stew for myself and my siblings. She would kill the rabbits and skin them, both cottontail and jack rabbit. A food probably brought home from the military was SOS which was hamburger gravy over toast. That was my favorite. She made cinnamon rolls. They were not like the ones we make now. She rolled the dough out into long pieces and then cut it into strips.

Our traditions were the same as most people. Be truthful, stay on a good path, don't do harm to other people, work hard. We were taught to get up before the sun would rise. Say a prayer. In the past in my great grandmother's generation, they would sing songs to greet the sun. An expression in Hualapai, not offensive to us, the Elders would say get up before the sun came up or the sun will urinate in your eyes and cause the little crustiness in the corners of your eyes. This was told to the children. When it became dusk, we were not to be roaming around. We came into the house. My childhood memories are a little foggy, but this is what I remember.

### Inspirational Corner

#### Praise the Lord!

The eagle does not fight the snake on the ground. It picks it up into the sky and changes the battle ground. The snake has no stamina, no power, and no balance in the air. It is useless, weak, and vulnerable unlike on the ground where it is powerful, wise and deadly.

Take your fight into the spiritual realm by "praying" and when you are in the spiritual realm, God takes over your battles. Do not fight the enemy in his comfort zone! Change the battle ground like the Eagle and let God take charge through your earnest PRAYER! Praise the Lord! Amen.

#### Choose Wisely

Scripture has two destinations:  
Heaven or Hell

Two ways: Narrow or broad

Two masters: Christ or Satan

Two walks: The Spirit or the Flesh There's no halfway point in any of these!

JESUS SAVES! Amen.

### Birthday Shout-Outs

Submitted by: Leanne Watahomigie

January 19<sup>th</sup>

Happy Birthday to my little bro Todd Watahomigie "Woo Hoo!" As I sit here bumping Bob Marley (one drop) I'm sending some rasta irie vibrations your way. I hope you checked mail and liked what I sent you. Anyway, bro, like Bob says, "We'll still find time to rock". Love you and miss you, can't wait to celebrate. Stay safe and most importantly stay strong bro! One love...your sis, Leanne W.

January 25<sup>th</sup>

OMG! Happy 11th birthday to my baby girl, Ky'mani Mary Zaniyah Watahomigie. Today is your day to shine bright like the diamond you are. I hope your guardian had a nice surprise for you on your day. Be safe out there my child and continue with schooling. Remember what Auntie Tisha would tell you, "Education is the key to life." Love you girl. ☺

♥Your mom, Leanne W.

# WE LOVE OUR VOLUNTEERS

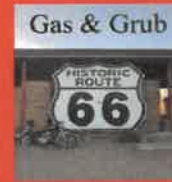

The Hualapai Nation's Live and Local Radio Station  
 Proudly Announces and Congratulates  
 January 2022 Volunteer of the Month  
 Barb Tinhorn

Great balls of Fire! KWLP volunteer, Barb Tinhorn **has** been on fire this month! Barb has been with the Peach crew for many years. She has always helped out behind the scenes. She has been a most reliable and valuable participant. Listeners first enjoyed her on air narrating many of the children's stories broadcast during *Read On Hualapai*, Sun through Thurs at 8:00pm. Listeners also enjoyed her pre-Covid, KWLP Brendan Kingman Cinema movie reviews. Barb is often a big help during events, as well. She recently embarked on a new radio adventure, hosting the regular segment *The Elder Corner*. Despite the current code red restrictions, Barb has continued to screen music, narrate new Children's stories, voice a radio advertisement and provide The Peach with several new segments of *The Elder Corner* for your listening pleasure. Tune in weekdays this month around 11:50 a.m. during *The Morning Blend* and let Barb take you away (vicariously) to Hawaii and China! Station staff are convinced Barb has her sights set on being Volunteer of the Year, 2022! Check it out, Cheer her on and let Barb know via the KWLP text line, (928) 769-1090 if you have some topics you'd like her to address! Barb will receive incentives valued at over \$100.00 for being Volunteer of the month, as well as be eligible to be the Volunteer of the Year 2022.

If you might be interested in volunteering, call at (928) 769-1110.
